Event location

Located centrally in Berlin, close to Checkpoint Charlie, the Deutsches Currywurst Museum provides an extraordinarily ambience for diverse events and exclusive booking.

This interactive exhibition combines perfectly the innovative design and impressive array of the location with the Currywurst cult of the capital. This unique combination of theme, staging and sense of taste ensures highly memorable and multi-sensory events.

Within the event catering we set new standards for events between innovative design and culinary pleasure with a new presentation of the culinary classic: the Currywurst as a flying buffet as „Currywurst in the cup“.

Event location with 120 persons (example)

Currywurst in the cup
